

# Paramedic Practice CPD

The reflective CPD resource for emergency care

**Paramedic Practice CPD** is the reflective CPD education platform brought to you by *Journal of Paramedic Practice*. It provides regular online modules – drawn from original commissions and our extensive archive of clinical content – to help you test your knowledge and reflect on current practice.

Each module provides certification once complete, and the platform includes an online portfolio to record evidence of your learning. It is tailor-made to help emergency care professionals evaluate their skills and conveniently fulfil their CPD activity.

**Complete all your CPD requirements – at a time to suit you.**
