Live the ULTRA Life.

BAUSCH + LOMB

*vs. Dailies Total[™] and Acuvue[®] Oasys 1-Day contact lenses

† UV-absorbing contact lenses are NOT substitutes for protective UV-absorbing eyewear such as UV-absorbing goggles or sunglasses, because they DO NOT completely cover the eye and surrounding area. You should continue to use UV-absorbing eyewear as directed.

Please read the Instructions for Use (IFU) for important product use and safety information with Bausch & Lomb contact lenses.

References: ¹ Only Bausch + Lomb ULTRA[®] ONE DAY contact lenses offer a complete moisture + comfort system with Advanced MoistureSeal[®] and ComfortFeel Technologies plus a complete design of high Dk/t, low modulus, UV blocking and High Definition[™] Optics. Bausch + Lomb ULTRA[®] ONE DAY contact lenses deliver health through its complete system working together to support a healthy ocular environment, the inclusion of eye health ingredients which are retained over 16 hours and the high allowance of oxygen permeability (Dk/t=13.4) [Applicable references 2,4,5,13].
