**A superb, critically acclaimed, bestselling and award-winning debut fantasy novel.**

In a world where people born with an exceptional skill, known as a Grace, are feared and exploited, Katsa carries the burden of a skill even she despises: the Grace of killing. But it may prove essential, because something dark and deadly is rising in the north and creeping across the continent, and behind it all lurks the shadowy figure of a one-eyed king...

## Chloe Neill Charmfall

**High school can be a battle-field, but for Lily Parker, it is a matter of life and death.**

With *Twilight*, *Gossip Girl* and *The House of Night* novels rocketing off the shelves, this is a great addition to a growing genre. The novel has a perfect combination of adventure, romance and magic and Lily Parker is a fabulous new heroine. She's smart, has great fashion sense and, most importantly, tons of snappy one-liners!

**Chloe Neill** was born in the south of the USA and currently lives in Nebraska, USA.
