GREG BEAR

Killing Titan

The new hard SF novel from a master of the genre.

After the success of *Hull Zero Three* Greg Bear once again lays claim to the ground he did so much to create in the 90s – fast-moving, adventure-filled SF that respects science and asks intelligent questions about our place in the universe.

Greg Bear is one of the world's leading hard SF authors, whose novels include the SF Masterworks *Eon* and *Blood Music*.
