

Look to the future with confidence

If you are under 30 an investment of less than 17/6 a week will ensure that, should you die before age 60, your family will receive a guaranteed income of £500 a year until you would have reached that age—followed by a lump sum of £1,000—OR £1,000 will be paid to you on your 60th birthday. Those over 30 can secure modified benefits for a similar outlay. For further details, without obligation, contact your local Phoenix office or use the coupon below.
