

Jeaniene Frost

At Grave's End

A Night Huntress Novel

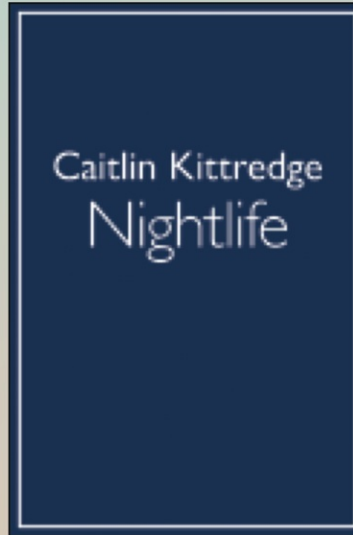

Some things won't stay buried...

Cat Crawfield is still working with her lover Bones in fighting the rogue undead, but now her true identity has been revealed, placing her in danger. And a woman from Bones' past is determined to cause trouble for him. To save herself and Bones from a grim fate, Cat will need to embrace her vampire instincts.

The third in the Night Huntress series is a thrilling instalment, adding more death-defying action and burning passion between characters.

Night Life

A Nocturne City Novel

Homicide detective (and werewolf) Luna Wilder is bringing the law to Nocturne City

In Nocturne City witches, demons and were-creatures roam the streets. Homicide detective Luna Wilder is investigating a drug's addict death. Her investigation leads her to the existence of a new drug, and with it the centre of a vicious war being fought between witches. With a gritty take on crime the first of the Nocturne City novels brings the crime genre into the realm of Dark Fantasy, and gives the world a gutsy heroine in Luna Wilder.
