**Great minds think a-lake**

So many festivals in so many distinct environments, but the scenery of Okarina festival must surely take some beating. The festival’s main venue of Bled Castle looks down across the breathtaking vista of Lake Bled, the old town and the surrounding forests. There’s even a church on a little island – ridiculous levels of charm there. And what better complement to an astounding landscape than an outstanding soundscape? There’s all sorts on offer: last year’s line-up featured everything from Luso-club innovators Gato Preto to hypnagogic string duo Catrin Finch & Seckou Keita, and Zimbabwe’s Mokoomba to Snarly Puppy’s Caribbean jazz project Bokanté.
