THE MAINSTAY OF YOUR PORTFOLIO.

Monks Investment Trust, we believe, could be a core investment for anyone seeking long term growth. It is managed according to Baillie Gifford's £36bn Global Alpha strategy. As a result, **Monks** takes a highly active approach to investment and its portfolio looks nothing like the index. The managers group their holdings into four different growth categories. This allows for excellent diversification and offers the chance to unearth some of the more interesting companies listed on global stock markets. Over the last five years the **Monks Investment Trust** has delivered a total return of 118.2% compared to 96.5% for the sector**.
