Outbreak to Armistice

THE FIRST WORLD WAR SOVEREIGN COLLECTION

Requisitioned by the government, circulating Sovereigns were a casualty of the First World War. This five-coin set retells the story of the conflict from outbreak to armistice and features Sovereigns struck during each year of the war. Presented in a premium display box, together they form a unique piece of history.

Sourced and authenticated by experts at The Royal Mint, the set includes Sovereigns dated 1914, 1915, 1916, 1917 and 1918 from various branch mints.

Sold as a complete set or available individually.
