

A photograph of a garden scene. In the foreground, a white daisy-like flower with a green center is in focus. A small black and yellow bee is perched on its center. To the left, another similar flower is visible. In the background, several tall purple salvia flowers are in bloom. The background is softly blurred, showing more green foliage and a butterfly. The overall lighting is natural, suggesting a sunny day.

Brilliant & Wild

A GARDEN FROM SCRATCH IN A YEAR
