Welcome to the *Essential Guide to 2021 Camping* – packed with all the information you need to find the perfect tent for you and your family.

With literally hundreds of different models in a mind-boggling range of styles to choose from, we know that buying a new tent is not easy, whether you are a first-time camper or

a veteran with years of experience.

But knowledge is power and in the *Essential Guide* we have the answers to all the big buying questions. Should you go for a tunnel, a dome or a vis-à-vis? Inflatable, pop-up or traditional poles? And is a four-berth really big enough for your family or should you go large?

The guide features the highlights of the major manufacturers' 2021 tent ranges as well as all the latest launch news from the world of camping.

So whether you're looking to buy your very first tent or want to upgrade to a smart new model, you'll find everything you need to know to make the right choice.
