

Lisette Oropesa

Ombra Compagna

For her solo debut album *Ombra Compagna*, Lisette Oropesa has chosen a kaleidoscope of concert arias by Mozart whose music is very dear to her heart. The composer wrote the ten brilliant pieces for important sopranos in his life, from his childhood in Salzburg to his last years in Vienna. For the studio recording, Oropesa joined artistic forces with *il pomo d'oro* and Antonello Manacorda.
